

BJOY Click

BJ-858

Create your custom-made mouse with external switches

The BJOY Click allows you to create **a switch controlled mouse**, customized to the user's needs and capabilities.

It has four switch inputs to **control cursor movement** and other two **for click functions**.

It is part of the **BJOY range of products**: it can be **tailored to the user's needs** and capabilities and the **operation can be customized** using the BJOY Software.

Click BJOY is specially designed for people who require a very specific access to the control of the mouse.

- Control your mouse with **different movements** of your body.
- Access your favourite apps with **comfort and simplicity**.
- **Customize** your mouse to suit you better. We can manufacture it according to your needs.
- **"Plug and Play"** device, compatible with Windows, MacOS and Linux.
- Use the **BJOY Software** to modify the function of each button, the cursor speed, the orientation and many other parameters.
- All settings are **stored in the device** so you can use your customised mouse to access any device.

- Plug & Play USB device.
- Size: 67 x 67 x 28 mm.
- Exclusively controlled by means of external switches.
- Four switch inputs (3.5mm) to control the cursor movements.
- Two switch inputs (3.5 mm) with adjustable click functions.
