Control household appliances by means of a switch in a simple way and perform hundreds of activities

This device allows you to **control any electrical appliance** by means of a **switch**.

Choose from **3 different activation modes**: direct, timed and latched (On/Off).

Plug the appliance that you wish to control into the socket located on the box and your switch into the switch input. Now you are ready to control the appliance with your switch!

- One switch input for 3.5 mm mono jack plug (female).
- Output for 3.5 mm single jack socket.
- Power: 230 VAC.
- Maximum power supply: 250V
- Size: 105 x 59 x 50 mm.
- Compatible with switch.
- 6 available timed positions between 2 and 90 seconds.
